Passport members also receive up to a 70% discount on full Certification programs, many of which qualify for industry CPEs from NASBA.

#### What Passport Members Say

"We have used BankersHub Passport for years. The webinars cover a wide variety of current banking topics. The nice thing is that you will receive a PDF of the webinar before it begins so you can determine if it is what you are expecting before taking the time to attend the webinar. You also have playback links in case the time of the webinar doesn't fit your schedule. Well worth the price and definitely pays for itself! Highly recommend."

AVP-Payments \$2.4B Bank

"I have bought the Passport for two years running and LOVE it. Training subjects have been timely, and info is top notch." Chief Risk Officer \$250M Credit Union

## **About BankersHub On-Demand Certifications**

- Students get to set their own pace for finishing BankersHub Certifications...there is no arbitrary 'Finish By...' date;
- Each session will test knowledge and retention with a brief quiz.
- Students can go back and review sections and retake the quiz as often as necessary;
- Upon successful completion, students can print their certificate that is good for two years and suitable for framing.
- After 2 years, students will be able to renew their certificate (for a small administrative fee) by taking any new or revised course elements and successfully passing the new quizzes.

## New for 2024! Certified Risk Specialist

# Five great reasons to go with our Banker Certification Programs:

#### Submit classes for AAP, CTP, NCP and/or CPE Credits

You do not just earn certification with the BankersHub program...you earn valuable credits needed to gain or renew professional designations. Taking these programs allows you to further your education and training towards these professional distinctions without having to incur travel expenses.

#### Take the sessions when it is convenient for you and fits your schedule

Because the BankersHub certification program is completely online, registrants take the courses and exams when it is convenient. Furthermore, there is not lost productivity and travel expense associated with live seminars and in-person training conducted in distant locations.

#### Choose the track that best meets your career needs

While payments professionals will likely find one of the three eBanking certification programs extremely valuable, many others are just looking for a deep dive into one or two areas of payments, such as Debit Cards, Wire Transfers, Checks or ACH. Finance and Accounting professionals will find the Bank Accounting Specialist Certification a critical component of their education. That is why BankersHub offers Certificates and Certifications that provide AAP or CPE credits along with valuable industry recognition.

#### **eBanking Professional is an incredible value for in-depth content and knowledge**

With 35 different sessions, the average cost per session is under \$100, a value that is almost impossible to find for content presented by a nationally recognized speaker! And there are no hidden fees or add-on expenses!

#### Certification recipients get access to BankersHub Resource Library

Registrants who complete one of the three BankersHub Certification programs get access to the BankersHub Resource Library containing sample documents, best practices and resources that help you tackle daily challenges and projects.
